

INTRODUCING LEED® WEEK!

COMING TO PORTLAND OCTOBER 15-18, 2007

In order to provide regularly scheduled LEED training for the burgeoning green building community, Cascadia is consolidating LEED workshops into a quarterly event: **LEED WEEK**. Cascadia members and other interested individuals will now be able to depend on a regular circuit of LEED educational activities and more easily plan to meet their training needs.

LEED WEEK, FALL 2007 WILL FEATURE THE FOLLOWING WORKSHOPS

Monday, Oct 15th: LEED for New Construction Technical Review Workshop **8:00 AM to 5:00 PM**

Gain the knowledge needed to maximize building performance, to achieve LEED certification and to take the LEED Professional Accreditation Exam. This is an excellent opportunity for industry professionals to increase their understanding of the LEED for New Construction Rating System and green building strategies, benefits and resources. No prior knowledge of LEED necessary.

Wednesday, Oct 17th: Build it LEED! For Contractors **8:00 AM to noon**

Learn the complete step-by-step process for managing the construction of LEED projects from preconstruction to documentation. Designed for construction managers, general contractors, subcontractors, construction companies, and builders, this training will get you and your company ready to implement LEED on your next project, including preparation of the LEED documentation required from contractors.

Thursday, Oct 18th: Succeed at LEED **8:00 AM to 5:00 PM**

Succeed at LEED is an advanced LEED-NC process workshop. In this workshop, participants learn how to manage the LEED-NC program for projects, from first client meeting to final certification. While other LEED trainings and workshops look at the nuances and details of specific LEED credits and prerequisites, Succeed at LEED focuses primarily on the LEED process.

COST

The fee for each training during LEED WEEK varies based on length and associated expenses, and should look familiar. LEED WEEK workshop fees, with few exceptions, will be the same as they were in the past and include meals and CEUs.

QUESTIONS

About LEED WEEK or registration?
info@cascadiagbc.org OR 503-228-5533

Cascadia is a chapter of the U.S. and Canadian Green Building Councils.
