# LEED-NC 2.2 AP EXAM TRAINING

Gain the qualification to help design teams achieve LEED certification on a variety of building projects.

The workshop will target key information necessary to pass the LEED AP exam, including:

- Credit intent & requirements
- Project team coordination
- LEED process & implementation
- Technical analysis
- Credit synergies & integrated design
- Overview of the exam structure
- Test-taking advice

Participants will be provided with a comprehensive Study Guide Workbook, a 30-question in-class practice exam and an 80-question take-home practice exam. Though helpful, no previous preparation is necessary.

FRIDAY, JULY 18 | 8:00 AM TO 4:00 PM

Jean Vollum Natural Capital Center

721 NW 9th Ave. — Billy Frank Jr. Conference Center

Breakfast and lunch will be served. Check-in begins at 7:30 AM

To register, visit <http://leedapexampreppdx.eventbrite.com> or click the leaf.

	early rate (before 07.05.08)	regular rate
Cascadia members	\$295	\$345
Non-member	\$325	\$375
Students (limited availability)	\$150	

## INSTRUCTORS

JESSICA GREEN | LEED AP, Brightworks

Jessica has almost 10 years of landscape architectural practice and was a LEED project manager and a LEED NC reviewer for the USGBC previous to joining Brightworks.

JOSH HATCH | LEED AP, Brightworks

A trained engineer, Josh's current portfolio of LEED projects spans a variety of sectors including elementary and higher education, affordable and market-rate residential, mixed-use, industrial, commercial, and retail.
