BUILD IT LEED FOR CONTRACTORS

This half-day class presents a complete, step-by-step process for managing the construction of Leadership in Energy and Environmental Design (LEED) Rating System projects from preconstruction to documentation. Designed for construction managers, general contractors, subcontractors, construction companies, and builders, this training will get you and your company ready to implement LEED on your next project, including preparation of the LEED documentation required from contractors.

AT THIS TRAINING YOU WILL:

- Understand why LEED is such a big deal in the construction marketplace.
- Learn the 17 points in the LEED system that every contractor should know.
- Understand the complete management process for constructing a LEED project from preconstruction through documentation.
- Practice planning and documenting key LEED Credit items.
- Master “difficult” points that present a challenge on LEED projects.

INSTRUCTORS: TOM ARCHER | PBS Engineering and Environmental
ROB FALLOW | Fortis Construction

WEDNESDAY, MARCH 12 | 8:00 AM TO NOON
(Check-in/breakfast at 7:30 AM)

METRO Headquarters, Council Chambers
600 NE Grand Ave.
Portland, Oregon

To register, visit <http://builditleedpdx031208.eventbrite.com/>

Buy the “BUILD IT LEED!” TOOLKIT at a discounted price (workshop attendees only)

The Toolkit provides a complete step-by-step process of LEED project management from pre-construction through documentation including checklists for each phase, prepared forms for working with subcontractors and tools for preparing LEED documentation. The Toolkit also includes blank forms and tools on CD, ready to be put to work on your next LEED project. Purchase the Toolkit at the workshop for the discounted rate of \$325, normally sold at \$419.

REGISTRATION

	early rate (until 02.27.08)	regular rate
Cascadia members	\$150	\$200
Non-member	\$175	\$225
Students (limited availability)	\$75	\$75
