Brew Pub
(1111 Mainland – Yaletown)

2008 Cascadia Branch Summit Survey Questions

Part 1: Branch-Board Relations

1. At this year's Branch Summit, you will have the opportunity to discuss Branch related issues and ideas with members of the Cascadia Board of Directors during the first half of the day. What topics would your Branch like to see addressed?
2. Part of the Branch-Board discussion can include how to incorporate regional issues into the Cascadia Strategic Plan. What are the major and most current issues/topics related to green building in your region, which you would like to see included?

Part 2: Branch-Branch Relations

1. The latter half of the Branch Summit will be devoted to discussion and synergy formation between the Branches. What Inter-Branch related topics would your Branch like to address during this session?
2. Would your Branch be interested in a training session during the afternoon session? If so, which topics would you be interested in? Some examples include, but are not limited to organizational communications, fundraising, and project development.
3. Overall, what are the most important things your Branch would like to accomplish during the afternoon session?
4. How many members of your Branch plan on attending the Summit (there should be at least 2 representatives in attendance)?
