

## *Emerging Green Builders*

integrating students and young professionals into the green building movement

**Date:** Tuesday, May 20th 5:30-7:00

**Location:** GGLO

1301 First Avenue, Suite 301, Seattle WA 98101

Hosted in GGLO's LEED-CI Silver certified office expansion, **GGLO & RAFN** present **Broadway Crossing** – affordable housing pursuing LEED from multiple view points

**GGLO's** integrated design practice has established their reputation for creating vibrant community environments in the Pacific Northwest and California. Founded in 1986, the multi-disciplinary staff of over 100 form collaborative project teams that combine architecture, landscape architecture, interior design, planning and urban design expertise.

**Rafn Company** is a client centered construction services organization. We deliver projects ranging from small tenant spaces to new office and from complex renovations to new mixed use. Rafn has been a leader in sustainable construction since the early 1990's with a focus on the practical and cost effective integration of sustainable solutions in every project type.

### **Who are the Emerging Green Builders (EGB)?**

The Emerging Green Builders is a USGBC program working to integrate students and young professionals into the green building movement.

### **Who can be an emerging green builder?**

Anyone interested in becoming more involved in green building from any discipline of study or practice is welcome to participate in EGB. Largely this group is comprised of students and young professionals, but EGB also incorporates seasoned professionals who are new to the green building industry. For the purposes of discounts and benefits, Emerging Green Builders is defined as any current college student or person within 5 years of graduation.

No RSVP required ~ Free

## CASCADIA CHAPTER

Cascadia is a chapter of the US Green Building Council (USGBC), the building industry's only balanced, nonprofit, consensus coalition promoting the understanding, development and accelerated implementation of "green building."

Cascadia serves its members by striving to fulfill the USGBC's mission, realize its vision, and accomplish its goals in the Pacific Northwest region.

## MISSION

Cascadia's Mission is to promote the design construction and operation of buildings in Oregon, Washington, Alaska and British Columbia that are environmentally responsible, profitable and healthy places to live, work and learn.

## CASCADIA CHAPTER BRANCHES

To overcome potential challenges associated with serving such a broad region, Cascadia Chapter Branches have been established to provide networking and continuing education opportunities for members and industry professionals in their immediate marketplace. Regularly scheduled meetings within each Branch will provide access to green building research and emerging issues that are pertinent to our region and locale. Currently, Branches are active in Portland, Eugene, **Seattle**, Spokane, Tacoma/Olympia, Thompson/Okanagan, Bellingham, Alaska, Victoria and Vancouver, British Columbia.

**EGB programming is made possible thanks to the generosity of our hosts and Friends of Cascadia. For a list of the Cascadia Friends and information on the benefits of becoming a Friend, please visit:**
