

CASCADIA
REGION GREEN BUILDING COUNCIL

Portland Branch Meeting
Thursday, October 30, 2008
6:00 pm - 8:30 pm

Sustainability Affordable Housing

Join the Portland Branch for a presentation on green low-income housing, networking and food and spirits. Halloween costumes optional, but encouraged!

Location: [Ecohaus](#)
819 SE Taylor St
Portland, OR 97214
[RSVP Requested](#)

Agenda: 6-6:30pm – Opening reception – social half hour
6:30-6:45 – Cascadia GBC staff and Portland steering committee announcements
6:45 – 7:15 – Green Affordable Housing: Melissa Peterson (Enterprise Community Partners, Inc.) and Terry Miller (Green Building Services)
7:15 – 7:45 – Challenges of designing a Green Habitat for Humanity's House: David Posada (GBD Architects) and Scott Mooney (Thomas Hacker)
7:45 – 8:30 – Wrap-up and socializing

Melissa Peterson has worked for the past three years as a Program Officer with Enterprise Community Partners in Portland, Oregon, coordinating the Green Communities Initiative in the Pacific Northwest region. Within this capacity, she has had the opportunity to work with affordable housing development teams in strategically incorporating green design features into their projects.

Terry Miller is a Senior Consultant and Manager of the Green Communities Team at Green Building Services. Terry works with owners and project teams to identify and implement contextually-informed approaches to planning, design and construction in mixed-use, multiple building projects.

Scott Mooney is a an intern architect at THA Architects in Portland where he has been working on a series of higher education classroom buildings for the University of Washington in Tacoma. He has been an active member in the THA Sustainable Design Committee, working to improve sustainable design practices through Building Information and Energy Modeling.

David Posada is an intern architect and sustainability coordinator at GBD Architects in Portland. He recently worked on a 4-story multifamily residential project in SE Portland and acts as resource person for green building strategies and LEED documentation for the office.

CASCADIA - The Cascadia Region Green Building Council promotes the design, construction, and operation of buildings that are environmentally responsible, profitable, and healthy places to live and work in Oregon, Washington, and British Columbia. PORTLAND BRANCH - Portland is one of nine branches currently established in the Cascadia Region. We are forming partnerships, creating education opportunities, and providing a network of building professionals in the Northwest. For further information and how you can get involved, please visit our website at www.Cascadiagbc.org or contact Bonnie Bruce and Tom Archer at Portland@cascadiagbc.org.
