Interested In Knowing About Cascadia Resources?

Start your St. Patrick's Day off with a deep green happy hour!

Who are the Emerging Green Builders (EGB)?

The Emerging Green Builders is a USGBC program working to integrate students and emerging professionals into the green building movement.

Who can be an emerging green builder?

Anyone interested in becoming more involved in green building from any discipline of study or practice is welcome to participate in EGB. Largely this group is comprised of students and young professionals, but EGB also incorporates seasoned professionals who are new to the green building industry. For the purposes of discounts and benefits, an Emerging Green Builder is defined as under the age of 30 or currently enrolled, full-time students.

No RSVP required ~ Free

EGB CONTACT

If you have any questions about this event, or suggestions for green building firms that would like to host an EGB event & present a collaborative project, please contact Seattle Branch EGB Co-Chairs Alicia Daniels Uhlig, NCARB (auhlig@gglo.com) or Holly Gardner (hgardner@theschustergroup.com)

CASCADIA CHAPTER

Cascadia is a chapter of the US Green Building Council (USGBC), the building industry's only balanced, nonprofit, consensus coalition promoting the understanding, development and accelerated implementation of "green building."

Cascadia serves its members by striving to fulfill the USGBC's mission, realize its vision, and accomplish its goals in the Pacific Northwest region.

MISSION

Cascadia's Mission is to promote the design construction and operation of buildings in Oregon, Washington, Alaska and British Columbia that are environmentally responsible, profitable and healthy places to live, work and learn.

BECOME AN INDIVIDUAL MEMBER OF CASCADIA TODAY AT:

CASCADIA CHAPTER BRANCHES

To overcome potential challenges associated with serving such a broad region, Cascadia Chapter Branches have been established to provide networking and continuing education opportunities for members and industry professionals in their immediate marketplace. Regularly scheduled meetings within each Branch will provide access to green building research and emerging issues that are pertinent to our region and locale. Currently, Branches are active in Portland, Eugene, **Seattle**, Spokane, Tacoma/Olympia, Thompson/Okanagan, Bellingham, Alaska, Victoria and Vancouver, British Columbia.

EGB programming is made possible thanks to the generosity of our hosts and Friends of Cascadia. For a list of the Cascadia Friends and information on the benefits of becoming a Friend, please visit: www.cascadiagbc.org/sponsorship
