This event will be open to all EP and Young Engineering Professionals of Puget Sound (YEPPS) members. This will be a great opportunity to network and learn what local organizations have in store for students and emerging professionals over the next year!

Who are the Emerging Professionals (EP)?

The [Emerging Professional](#) and [USGBC Students](#) are USGBC programs working to integrate students and emerging professionals into the green building movement. In the Seattle metro area, we meet as one group.

Who can attend?

Anyone interested in becoming more involved in green building from any discipline of study or practice is welcome to participate. Largely this group is comprised of students and emerging professionals involved in the green building movement. For the purposes of discounts and benefits, Cascadia uses the following definition: any current full-time college student, person within 5 years of graduation, or individuals under the age of 30 (regardless of education/career status).

No RSVP required ~ Free
(No host bar – Individuals responsible for their bill)

CASCADIA CHAPTER

Cascadia is a chapter of the US Green Building Council (USGBC), the building industry's only balanced, nonprofit, consensus coalition promoting the understanding, development and accelerated implementation of "green building."

Cascadia serves its members by striving to fulfill the USGBC's mission, realize its vision, and accomplish its goals in the Pacific Northwest region.

MISSION

Cascadia's Mission is to promote the design construction and operation of buildings in Oregon, Washington, Alaska and British Columbia that are environmentally responsible, profitable and healthy places to live, work and learn.

CASCADIA CHAPTER BRANCHES

To overcome potential challenges associated with serving such a broad region, Cascadia Chapter Branches have been established to provide networking and continuing education opportunities for members and industry professionals in their immediate marketplace. Regularly scheduled meetings within each Branch will provide access to green building research and emerging issues that are pertinent to our region and locale. Currently, Branches are active in Portland, Eugene, **Seattle**, Spokane, Tacoma/Olympia, Thompson/Okanagan, Bellingham, Alaska, Victoria and Vancouver, British Columbia.
