LIVING FUTURE

Hello,

Cascadia Region Green Building Council (Cascadia) is hosting its second annual unconference Living Future '08. As the organizers of this unconference, we would like to invite your support for this event. Living Future is scheduled to take place on April 16th – 18th, 2008 at the Westin Bayshore, Vancouver in British Columbia. We are seeking your financial support for our signature event and in turn, we would like to provide you with marketing opportunities at the unconference as well as in the unconference advertising, program, and press materials.

Living Future is Cascadia's signature event. This unconference is not about being "less bad" or "light green" – it is instead the leading edge conference for green design that focuses on deep solutions to the most daunting global issues of our time and creating pathways to a truly sustainable future. This year's theme is Living Buildings to Living Communities – recognizing that the solutions we need are required at all scales.

Support a conference that promotes leading edge green design that focuses on deep solutions to the most daunting global issues of our time and create pathways to a truly sustainable future. This year's theme is Living Buildings to Living Communities – recognizing that the solutions we need are required at all scales. This "unconference" will include two and half days of exciting dialogue that will attract leading minds from across the continent and beyond. By becoming a sponsor, the following promotional opportunities will be provided for you. There is limited availability for sponsorship.

We would appreciate a response at your earliest convenience and look forward to discussing our sponsorship levels and benefits for this event with you. Please feel free to check out the unconference information at www.cascadiagbc.org and click on the Living Future '08 logo at the bottom of the page.

Thank you for your consideration of any sponsorship in support of making significant change in the built environment for positive environmental impact. Please feel free to email me at mona@cascadiagbc.org or call Mona Lemoine at 604.909.9559 if you need any additional information.

We look forward to hearing from you.

Sincerely,

Mona Lemoine, British Columbia Director
1100-111 Dunsmuir Street, Vancouver, BC V6B 6A3
