

Sustainably Produced Wood: Moving from Why to How

Ryan Temple, Sustainable Northwest Wood
Ben Deumling, Zena Forest Products
Stephen Aiguier, Green Hammer

Yesterday, Today, Tomorrow:

- The Evolution of FSC and Local
- Architect as Forest Manager
- The Natural Environment Thrives as a Result of the Built Environment

Regional Potential

- Species
- Volumes
- Capacities

Navigating the Supply Chain

Project Examples

- Oregon White Oak – Ft. Lewis
- Oregon White Oak – ODOT
- Blue Pine – Ron Toms
- Juniper – Hale House
- Native Species – Cellar Ridge

A close-up photograph of a wooden floor made of Oregon White Oak planks. The planks are arranged in a vertical pattern and show natural wood grain, knots, and some weathering. In the upper left corner, the black metal leg of a wicker chair is visible. The text "Oregon White Oak" is overlaid in the center in a bright green font.

Oregon White Oak

Blue Pine

A close-up photograph of a wooden deck and railing. The deck is made of horizontal wooden planks, and the railing is made of vertical wooden posts. The wood has a warm, reddish-brown tone. The text "Western Juniper" is overlaid in a bright green color in the upper center of the image.

Western Juniper
