

Design begins as ideas. What are yours?

Transit-oriented Asa Flats + Lofts in Portland's Pearl District is beloved by its residents.

GGLO + DESIGN FOR THE HUMAN EXPERIENCE

The buildings, neighborhoods and communities in which we live our lives are vitally important to the well-being and development of all. We believe that through design we can make the world a healthier, happier, and more productive place. Our commitment to design that expands and enhances the human experience extends across all boundaries and into each and every one of our pursuits.

As our reputation grows, so does our need for skilled, passionate people who thrive on collaboration and believe deeply in design's ability to improve lives. If you love to mix it up with others of like mind, have a look at our latest opportunities—then connect with us.

Our body of work is growing. We are currently recruiting for the following position:

Interior Designer

- Intermediate level with 5 to 7 years of experience
- Experience in a broad range of project types including multi-family housing and hospitality work
- Exceptional design ability
- Demonstrated proficiency with AutoCAD and REVIT, candidates will have a minimum of one year of applied experience with REVIT in an office environment
- 3D Max proficiency
- Photoshop, InDesign, SketchUp, hand sketching, rendering and presentation skills highly desired
- Strength in documentation & putting together interior design documents
- Strength in interior architectural development, detailing and finish selection and specifications
- FF&E design and purchasing a plus, not mandatory
- Strong communication skills and ability to interact with clients
- Efficient, thorough, detail oriented, and dedicated to quality work
- Willing to work on multiple fast paced projects
- Involved with their community
- Degree in Interior Design required 4-year minimum CIDA accredited degree preferred
- LEED Accreditation is preferred

GGLO offers competitive compensation, excellent benefits and is an Equal Opportunity Employer.

If our purpose statement resonates with you, you thrive on design dialogue, and collaboration and want to contribute to the GGLO culture, please submit a letter of interest, resume and for technical candidates, not more than four pages of work samples to:
